

The Heart Link Network

Monthly Honoree Program

The Heart Link Network® is dedicated to honoring professional women that are usually under-acknowledged. **The Monthly Honoree program** gives us a chance to appreciate and honor special professional women in the community, who often are not recognized for their wonderful contribution to their community.

These special women may register to attend the Heart Link Network gatherings for just \$10 instead of the regular price of \$20. Our goal is to help these women feel loved and treasured at our events as the Chapter Leader recognizes them and publicly thanks them for their service within the community.

January – Mothers; Sisters

February - Women you love

March – Nurses; Firefighter; Police; Military or their spouse

April – Female Volunteers

May – New Moms

June – Teachers, Non-profit Organization Leaders

July – Best Friends & Neighbors

August – Girl Scout Troop & other Girls Groups Leaders

September – Teachers; Preschool, School Administrators

October – Breast Cancer Survivors & Cancer Counselors

November – Nurses; Firefighter; Police; Military or their spouse

December – Women who are “GIFTS” in your life

Attending our event?

Invite a Monthly Honoree to register with you so that we may honor her!

During the 3 minute showcases, Monthly Honorees use their 3 minute showcase to share their “story”. A teacher might share “why” she chose to be a teacher, what it means to her, and how she got to this place in her journey. It is a wonderful opportunity to get to know these amazing women, AND for these amazing women to get to know our Chapter Leaders and their attendees.

Monthly honorees who ALSO have a business (for example a teacher who also does Direct Sales) may still attend for \$10, but if she wants to share about her Direct Sales business at the gathering, she must pre-register to share her business before someone else pre-pays for that spot. If someone has already registered to represent that business-type, then the Honoree must spend her 3 minutes sharing about “her story” as an honoree, and not share her business. Because we want to be respectful of the women’s businesses that are registered first, the honoree would refrain from mentioning her own business at all during the Heart Link Gathering if her business-type has already been filled.

These women are gifts to their communities and deserve to be honored.
